FISH SUPPLIER STRIFE 2022

The start of 2023 has continued to give us some challenges sourcing our top quality sustainable cod and haddock fillets. The situation in Ukraine has affected 30-50% of fish fillets coming into the U.K. fish markets which has driven prices higher than ever before. We are trying our hardest to ensure we can continue to offer the great quality our customers demand. We may not be able to always offer cod and haddock. We have been forced to price weekly rather than hold our prices for the season. We may have to offer a slightly smaller portion so that we can cover our rising overheads and wages.

Please please bear with us. As soon as prices fall to a more normal level, we look forward to passing savings back to you, our loyal customers. Thank you very much!

**We continue to offer a loyalty scheme
please ask one of our team**
